# ANNUAL GENERAL MEETING

## 2020-2021 MEETING MINUTES

**HELD ON:**

**Wednesday, September 29<sup>th</sup>, 2021 - 6:02pm - 6:37pm**

**LOCATION:**

**Zoom**

**Attending:**

- Chelsea Fraser      Chairperson
- Deanna Delgrosso      CUPE Board Representative
- Amanda Mather      Board Member
- Erin McEvoy      MGEU Board Representative
- Pamela McLeod      Board Member
- Marcie Wood      Executive Director
- Isabel Bright      Board Member
- Sarah Brown      Board Member

**Also attending:**

Doug Smith

**Regrets:**

Tatjana Brkic      Board Member

**Call to order:**

6:02 p.m.

**Agenda:**

Sarah/Deanna: "That the agenda be approved."      CARRIED

**Minutes:**

Isabel/Sarah: "That the minutes of the AGM of 2019 be approved."      CARRIED

**Audited  
Financial  
Report:**

Presentation by Doug Smith, Scarrow and Donald.  
Mather/McLeod: "That the audited financial statements be  
accepted as presented."      CARRIED

Amanda/Sarah: That the audited financial statement be adopted  
as presented."      CARRIED

Amanda/Deanna: "That Scarrow and Donald be retained as the financial auditors for Willow Place for 2021-2022."

CARRIED

**Annual Report:** Marcie Wood

Highlights:

- Started the year in uncharted territory that required WP to envision new ways to provide service delivery with protection for everyone.
- In April and May the numbers of people seeking shelter went down but the number of crisis lines calls went up by 1500 as compared to the same period in the previous year.
- In June, July, August, the numbers began to increase; staff endured pressure to serve the increased number of clients under the stress of the pandemic conditions.
- WP implemented a housing specialist position. Truly an eye opener, this addition has made a very significant difference to service.
- The text line started slowly, but over the course of the year, we saw how the option of having the texting option made a real difference to the service requested and provided.
- The isolation was very difficult for clients and potential clients.
- Highlights: The "tables" that were organized amongst agencies to ensure that service delivery within our sector worked hard to ensure continuance of service, rooted in compassion and a human rights perspective. The support by way of donations was a surprise in that it increased when WP wasn't even campaigning. Marcie highlighted the strength, resiliency, and willingness of the staff, and thanked the Board for its support as well.
- Statistics: The number of bed nights decreased by less than 2000. Non-residential clients (mostly off-site counselling) went from 144 to 141. Outreach counselling doubled (because outreach counselling off-site wasn't available.). Crisis lines calls were up by 1500. WP provides 27 percent of all the calls in Manitoba. The average length of stay went from 11 days in shelter to 10 days. The statistics show that families stay longer than individuals, indicating that families are comfortable in the shelter.

Erin/Sarah: "That the Annual Report be accepted as provided."

CARRIED

**Nominations:** Pamela/Sarah: "That Isabel Bright be elected to the position of Chairperson of the Board of Directors of Willow Place."

CARRIED

Sarah/Isabel: "That Pamela McLeod be elected to the position of Secretary of the Board of Directors of Willow Place." CARRIED

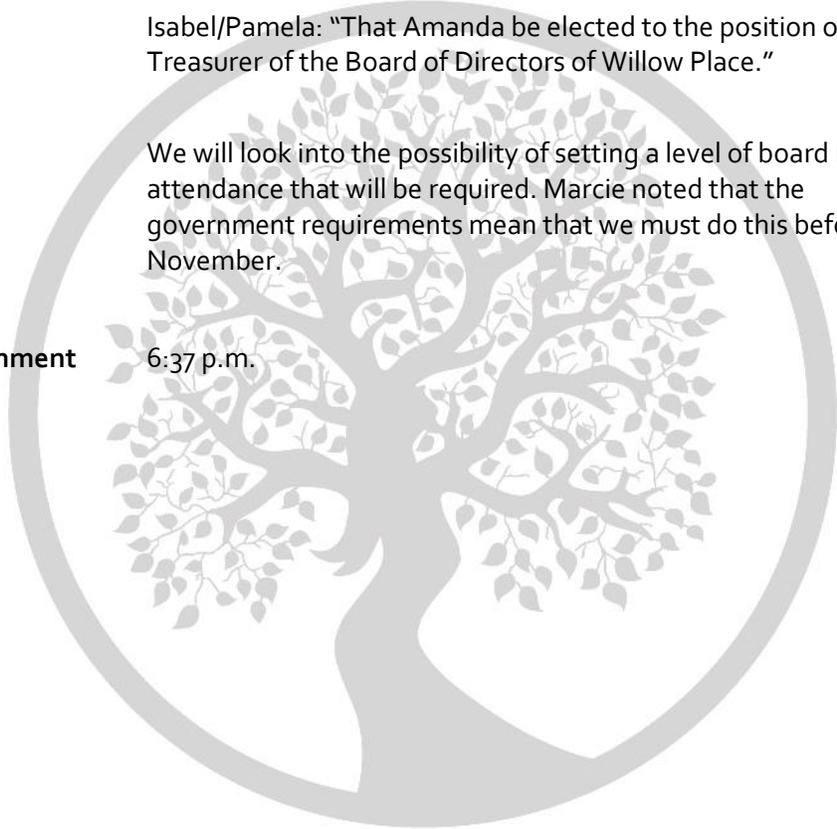

Pamela/Sarah: "That Chelsea Fraser be elected to the position of Past Chairperson of the Board of Directors of Willow Place." CARRIED

Isabel/Pamela: "That Amanda be elected to the position of Treasurer of the Board of Directors of Willow Place." CARRIED

We will look into the possibility of setting a level of board meeting attendance that will be required. Marcie noted that the government requirements mean that we must do this before November.

**Adjournment**

6:37 p.m.

## MESSAGE FROM THE EXECUTIVE DIRECTOR

Resilience is defined as the ability to withstand hardship. It is the process and outcome of successfully adapting to difficult or challenging life experiences, especially through mental, emotional, and behavioral flexibility and adjustment to external and internal demands.

As I reflect on the past year, “resilience” is what comes to mind. Once again, Willow Place was faced with unprecedented challenges in the wake of the pandemic and the “shadow pandemic” (UN Women) that emerged. As we continued to navigate and adapt service delivery to maintain safe 24/7 residential and outreach programming, we were also challenged with an increased demand for our services. This demand as well as the complexities of delivering 24/7 programming resulted in further obstacles for the organization to overcome, however, these obstacles provided opportunity for the evolution of strength and growth that come only through continuous effort and struggle. This courage and resilience is what truly defines our Willow Place team.

“To achieve balance as well as maintain growth in an environment where all of these needs intersect requires an exceptional commitment from a resilient team...”

Marcie Wood, Executive Director

The impact of the pandemic was felt deeply by all, professionally and personally. Together, we experienced the varying restrictions related to COVID-19 however, despite this we still persevered each day to end gender-based violence (GBV). Personal and organizational resilience is intertwined. What we practice daily, how we feel and act allows us to be motivated by certain thoughts, strategies and relationships while limiting others. While the pandemic has highlighted the increased need for partnership and collaborative capacity building, hiring, staff training, and service delivery that centers culturally inclusive, trauma-informed, survivor- and human-rights based perspectives; it also challenged us daily to remain committed to actions based on respect, courage, honesty, wisdom, humility and truth. To achieve balance as well as maintain growth in an environment where all of these needs intersect requires an exceptional commitment from a resilient team.

The work we do is difficult and not one organization can do it alone. The spirit of partnership and collaboration is foundational to support coordinated services. Willow Place is grateful to be a member of a community network of corporate sponsors as well as agencies and funders who are committed to the perpetual enhancement of services available for those we serve.

As we leave one year behind and move onto the next I would like to, once again, honour the dedication, commitment, resiliency and growth of our organization as a whole. “The oak fought the wind and was broken, the willow bent when it must and survived” (Robert Jordan, the Fires of Heaven).

*Sincerely, Marcie Wood, Executive Director*

# 2021 – 2022 IN REVIEW

Over the past year many of our community initiatives and partnerships with external stakeholders and collaterals has continued to be impacted by the pandemic. A collective impact approach was undertaken by many stakeholders to support our respective endeavors to ensure that services continued to be offered in a manner that met the needs of the vulnerable individuals and families that we serve. As a result, collaborative efforts were sustained to support the re-envisioning of ways to improve and enhance service delivery.

## PARTNERSHIPS AND NETWORKS

- Willow Place is member of the Manitoba Association of Women's Shelters and acts a co-chair for the MAWS Board of Directors. In addition to this role, Willow Place partnered with MAWS to facilitate a Survivors Advisory group with past shelter users. The goal was to gather qualitative feedback related to service delivery and this will be utilized to inform and shape the continued further enhancement of services.
- Willow Place is an active member of the Family Violence Consortium of Manitoba (FVCM). The FVCM is made of up of provincially funded organizations that provide gender-based services in Manitoba.
- Willow Place and Winnipeg Child & Family Services (WCFS) have persevered throughout the pandemic to offer the Caring Dads Program. Since the inception of the program in 2017, Caring Dads has received 71 referrals for the program whereas 49 men participated in the group and 36 successfully completed the 17-week session. A total of 102 children have been directly impacted due to their father's participation in the program.
- Willow Place and Women's Health Clinic began a partnership in 2018. This partnership has resulted in the offering of groups related to female and gender diverse health related issues. The addition of onsite medical care available for Willow Place participants was finally achieved following 2 years of planning.
- Willow Place and Wahbung Abinoojiiag continue to provide gender-based violence (GBV) shelter services for men experiencing violence. In collaboration with Wahbung Abinoojiiag, Willow Place completes the intake assessments and offers weekly counselling.
- Partnerships with Salvation Army Son Rise Village and the Winnipeg Downtown Access Centre were established to bring perching services to where people gather in 2018. The purpose of this type of service is to further support warm-hand offs as well as provide outreach support directly within the community. These outreach services were the most impacted due to the pandemic however, the commitment to maintaining these services was not ever in question.

- Willow Place is grateful for the support we receive from the Manitoba Status of Women, Family Violence Prevention Program (FVPP). The spirit of partnership and collaboration are deeply entwined within this supportive framework.
- Willow Place participated in engagement sessions facilitated by End Homelessness Winnipeg to support a coordinated system for community participants to access safe, affordable housing in Winnipeg.

## TRAUMA-INFORMED SERVICES

Willow Place is the largest and most-utilized shelter in Manitoba. Each day, we support diverse individuals and families who have had complex, intersectional family violence experiences and, as a result, we are committed to maintaining a high standard of supportive and therapeutic services.

Services at Willow Place are based upon our guiding principles, and include: (1) Person-Centered Counselling; (2) Strength-Based, Capacity Building, and Resilience focus; (3) Trauma-Informed approach; (4) Harm Reduction; (5) Awareness of Co-occurring Disorders; (6) Evidence-based Practice; (7) Decolonized, Anti-oppressive and Culturally Safe, and (8) Collaborative, Team-Oriented approach. During the past year, the increased demand for services as well as the complexities of delivering 24/7 programming presented many new challenges and pressures for the organization to conquer. Although these challenges were felt daily the commitment to our service delivery remained constant and over time, resulted in unity, strength and growth that is foundational for our team to build upon going forward.

## HEALTHY LIVING PROGRAM

As the initial waves of the pandemic subsided Willow Place was able to adapt the Healthy Living program in a multitude of ways. This hybrid approach included the offering of programming both in-person as well as virtually. As a result, much of our Healthy Living program had resumed at the end of the previous year continued without further interruption. This program is based upon the premise to provide opportunities to create warm connections to external organizations and/or various aspects of daily living to support their well-being while in shelter; it is the goal that these connections and/or new ways of being and doing will transition with them following their stay. The programming offering is quite broad and includes but is not limited to: the services of an Elder, drumming, crafts, therapeutic groups, life skills, onsite clinic care and education. In addition to the aforementioned programming, Willow Place also participated in a Rapid Test Pilot Project which was in operation from the Spring of 2021 to the end of August 2021.

Willow Place is grateful for the many organizations, community partners and Willow Place staff and volunteers that support this program each day.

## SERVICES FOR CHILDREN

Willow Place is delighted to receive the continued support from the Interdivisional Student Services as well as our wonderful teacher, Lisa Siddall. Each year children between the ages of 4 and 14 attend onsite "Sunrise" school made available through these services. The goals of this program is to provide ongoing structure and learning opportunities for children while they reside in shelter. The activities focus on all aspects of learning in a trauma-informed space that knows and understands each child and meets them where they are at. The result is a warm and nurturing environment whereas the individualized programming provided is based on each child's individual strengths.

In addition to our Sunrise school, during the summer of 2021, Willow Place was supported via the Canada Summer Jobs (CSJ) program to offer a day camp program. The goal of this program is to fill the gap with activities and structure for the children while they stay at Willow Place. The summer day camp staff plan, organize and facilitate a variety of fun, learning activities for the children to participate in within a safe environment.

Outside of the parameters of the Sunrise school and day camp, our children's counselor provides a continuum of support from a holistic, wrap-around therapeutic counselling model for the families and children in shelter. This includes counselling and case management for the mom and the child, as well, age appropriate groups for the children and parenting groups for the moms'.

## SUPPORTING RESEARCH AND STUDENT PRACTICUM

Willow Place has continued to welcome opportunities to collaborate with post secondary institutions for the purpose to support research projects as well as student practicum placements. During this past year Willow Place has had the privilege to participate in the following:

- The preliminary design and development of a micro credential training course for Shelter Support Workers through the Red River College Polytechnic.
- Our team hosted two practicum students from the University of Manitoba, School of Social Work.
- The national project hosted by the Centre for Research & Education on Violence Against Women & Children is now complete and training will be made available as a result. The training will reflect a standardized approach to offering service in the GBV sector for victims, perpetrators and children who have experienced or used violence. Willow Place is grateful to have the opportunity to participate in a project on a national level.
- The advisory committee for "*Caught in the Middle*." The purpose of the project was to examine the intersection between criminal and family courts in Manitoba and the impact on children who are exposed to violence in the home.

## SUPPORT FROM THE COMMUNITY

Despite health precautions and restrictions for the novel coronavirus pandemic, the annual *Hockey Helps the Homeless* (HHTH) occurred in December 2021, raising over \$30,000 for Willow Place. In August, 2021, Brothers of the Fork, a Winnipeg cycling club worked with HHTH headquarters and local committee members to host a cycling event benefiting the three beneficiaries, Resource Assistance for Youth (RaY) and Red Road Lodge, plus Bear Clan Patrol. \$10,000 was received by Willow Place from the cycling event, and organizers have pledged to renew their efforts in the coming year. Royal LePage Winnipeg teams continued to raise both awareness and funds for Willow Place via a variety of means, including the Purcell Mountains Challenge in summer, 2021. As a result, funds granted to Willow Place through the Royal LePage Shelter Foundation exceeded \$120,000. Despite ongoing cautions and limitations due to COVID, third party fundraising in 2021-2022 matched the 30% increases seen in 2020-2021, Diverse events including Manitoba Underground Opera's *A Place of Healing* online performance (August 2021), and 80s rock band, Woodwork's sold-out live performance (August 2021). Quebec retailers, Simon's, supported Willow Place and other Canadian charities via their national t-shirt campaign. *My Heart My Cause* launched in July 2020, featuring beautiful t-shirts designed by Winnipeg's own creative duo, The Ba.sic, raising \$10,000 for Willow Place.

# OUR SERVICES

## CRISIS SERVICES

### Purpose:

To provide crisis stabilization for women and their children in a secure 38 bed shelter environment by ensuring physical, mental, emotional and safety needs are met. The program provides counselling, advocacy and referral support services.

The facility is staffed 24 hours a day, 7 days a week, including the crisis line.

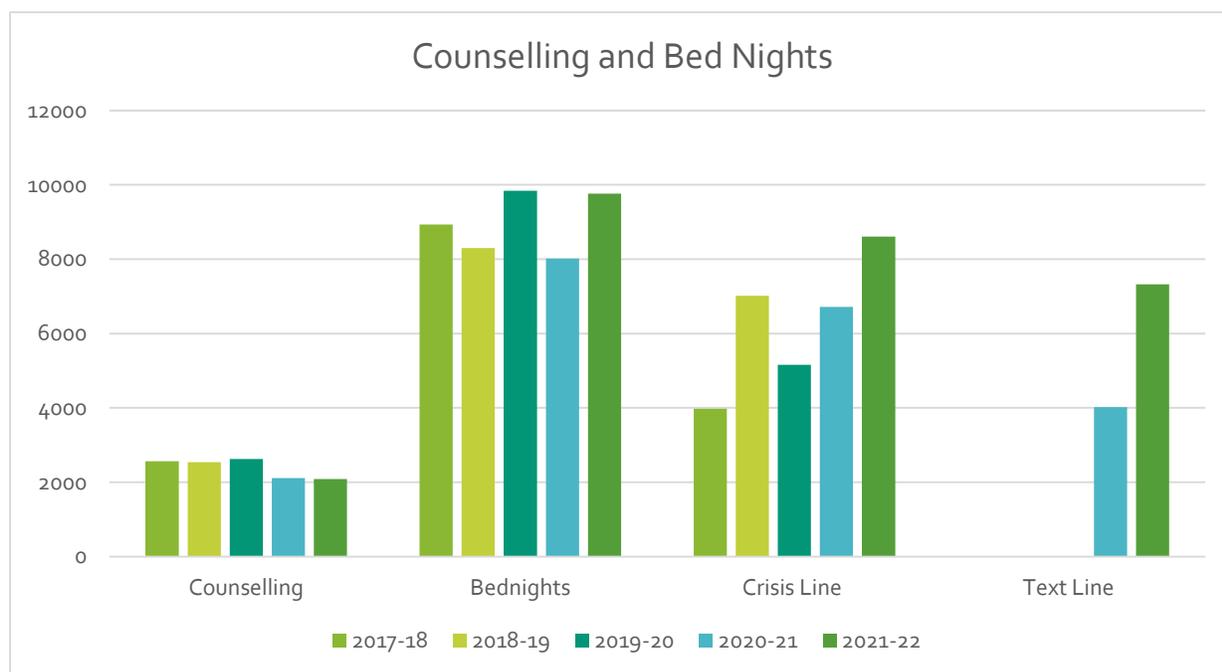

## CLIENTS' STATISTICS

	2017-18	2018-19	2019-2020	2020-2021	2021-2022
<b>Total Clients</b>	865	718	776	697	723
<b>Residential Clients</b>	604	693	717	565	585
<b>Non-Residential Clients*</b>	81	53	144*	141*	203

\*Non-Residential clients include participants that seek outreach counselling through the various outreach services provided by Willow Place. This includes on-site services at Son Rise Village and the Downtown Access Centre and the co-facilitation of Caring Dads with Winnipeg CFS. During this fiscal year we experienced a decrease in off-site in-person outreach services and an increase in outreach services provided by the residential counsellors.

## COUNSELLING & BED NIGHTS STATISTICS

	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022
<b>Counseling</b>	2,564	2,543	2,625	2,116	2,085
<b>Bed Nights</b>	8,936	8,304	9,845	8,018	9,764
<b>Crisis Line</b>	3,977	7,021	5,162	6,717	8,610
<b>Text Line</b>	-	-	-	4,024	7,324

Facts for 2021-2022: Counseling: 22% of counseling in Manitoba shelters; Bed Nights: 23% of all bed nights in Manitoba; Crisis line: 47% of calls in Manitoba. The crisis calls received by Willow Place increased 28% from the previous year.

*\*Number of Counselling Sessions for residential women's individual counselling session only as this does not include outreach counselling services. This is calculated using total number of residential women to better reflect which women the data value, number of counselling sessions applies to.*

## OCCUPANCY ANALYSIS FOR WILLOW PLACE OVER THE PAST 5 YEARS

Year	Rooms	Bed-nights	Estimated Occupancy Rate
<b>2017-2018</b>	17	5,243	84%
<b>2018-2019</b>	17	5,631	91%
<b>2019-2020</b>	17	6,447	104%
<b>2020-2021</b>	17	4,778	80%
<b>2021-2022</b>	17	5,878	95%

COVID restrictions and resulted in a lower occupancy rate for 2021-2022.

*\*5 years Average Rate of Occupancy from 2017-2022: 91%. This calculation looks at occupancy as a portion of available rooms (i.e. 100% occupancy means one person in every room). This method takes the children out of the equation so we don't have to consider family size as a factor.*

## AVERAGE STAY STATISTICS

	2017-2018	2018-2019	2019-2020	2020-2021	2021-2022
<b>Average Stay (no. of days)</b>	9	9	11	10	12
<b># of counseling session/client</b>	4	4	4	4	4

## CHILDREN'S SERVICES

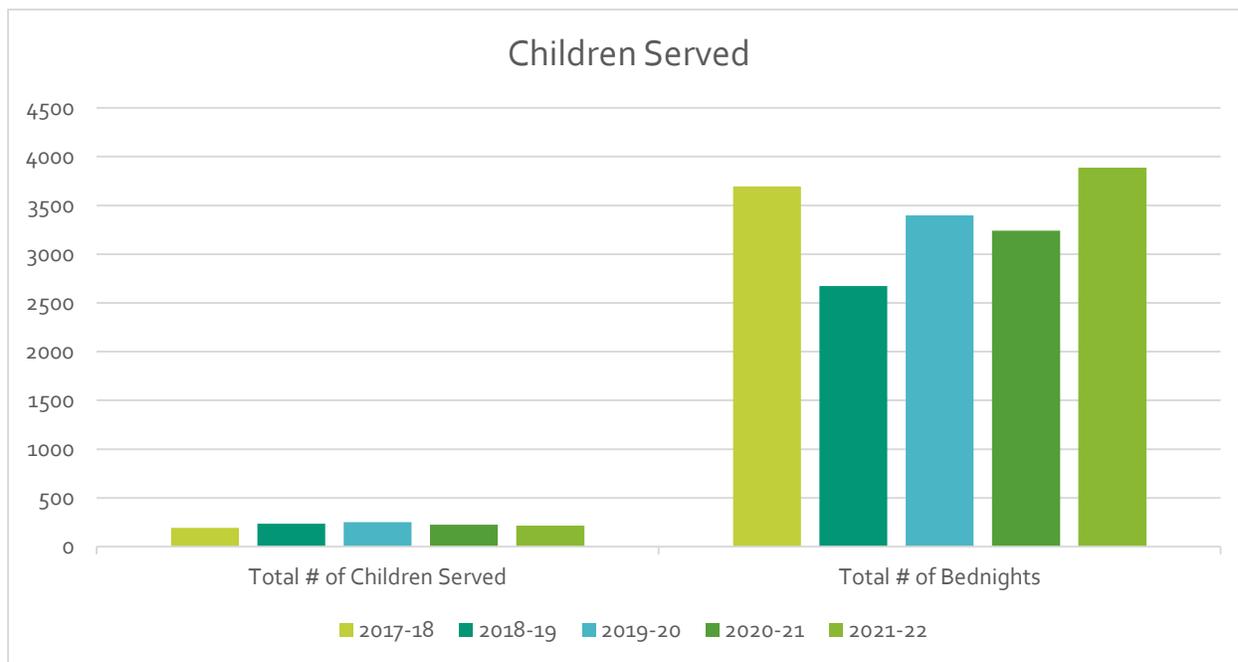

### Purpose:

To provide support to children in the shelter in an environment of unconditional care.

The Children's Counsellor oversees Children's Services which include:

- Support to children and parents regarding the impacts of domestic violence;
- Child-minding and respite in both a structured and non-structured, play-based environment;
- On-site school program supported by Winnipeg School Division and the Province of Manitoba for full-time teacher. The Canada Summer Jobs program grant and donations support a full-day Day Camp program for July and August.

## CHILDREN'S SERVICES STATISTICS

	<b>2017-2018</b>	<b>2018-2019</b>	<b>2019-2020</b>	<b>2020-2021</b>	<b>2021-22</b>
<b>Total # of Children Served</b>	194	234	251	224	217
<b>Total # of Bed nights</b>	3,693	2,673	3,398	3,240	3,886

## COMMUNITY OUTREACH SERVICES

### Purpose:

To provide education and awareness regarding healthy relationships and domestic violence services that support population health prevention and early intervention initiatives. To reach out to populations experiencing domestic violence who currently are not accessing services.

The Community Coordinator, with support from the Community Facilitator, and the Administrative Assistant, oversees developing community connections not only with organizations, groups, businesses and the general public, as well as public education; this includes recruiting, training and managing volunteers; managing our web site and social media, marketing, fundraising, and grants. 2021-2022 yielded the following results:

Although the Community Team continued to be limited to virtual presentations, it is conservatively estimated that over 25,000 individuals are reached annually through social media platforms, excluding any boosted social media content. Based on an average of five daily posts on multiple platforms, this translates into over 5.7 million impressions annually, with potential for expanded organic reach and engagement. Steady but modest growth in followers and engagement was seen across all social media applications. Pinterest and YouTube channels were created and launched in July, 2021.

Willow Place quarterly e-newsletters continued to reach over 1,200 subscribers per distribution in 2020-2021 and helped to communicate agency priorities and current needs, including urgent donation requests. Moderate use of email blasts was used to promote events and donation needs as well.

Although the on-site volunteer program was suspended due to COVID-19, a small group of volunteers supported Willow Place with donations pick-up and collection drives for in-kind items, as well as repairs

and labour (Unifor volunteers). Community Team staff members further streamlined volunteer training and maintained regular communications with existing volunteers and those on the training program wait list. Regular Women's Health Centre virtual information sessions were facilitated in shelter for residents. Other shelter program presentations included SEED financial literacy information sessions, and Project Choices.

Caring Dads programming faced challenges in 2021-2022 due to changing COVID restrictions. In June 2021, 15 men were referred but did not complete – the virtual format was not successful; facilitators noted low commitment of participants in virtual format. In September 2021 – January 2022, 7 men entered a new intake, with 6 men completing, and this positively impacted 12 children. The Community Facilitator was asked to consider a third program intake yearly, and this was presented to the Executive Director for review in fall 2021. There were some notable successes among 2021-2022 Caring Dads participants. One father persisted through two groups to complete, and transitioned from supervised visitation to sole custody of children. A second father with a history of addictions treatment and incarceration, was able to sustain employment and obtained joint custody, while also working on healing the relationship with his partner/mother of the children.

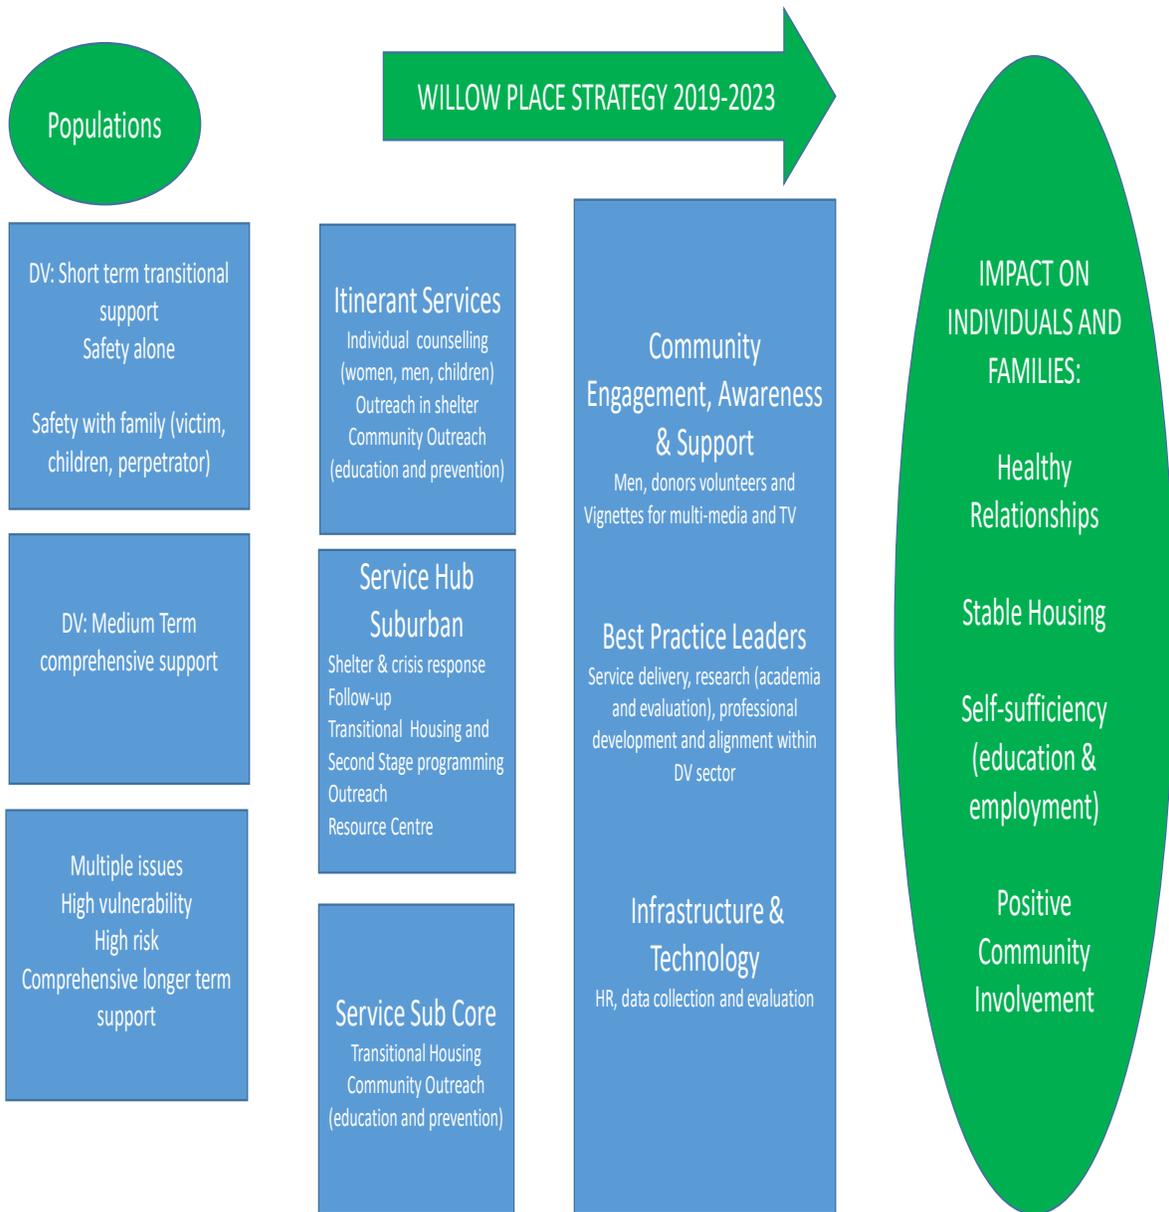

# WILLOW PLACE: MOVING FORWARD

## STRATEGIC PRIORITIES 2019-2023

1. **Create and Strengthen Our Strategic Partnerships** to expand and extend the reach of the kind and quality of our services with the resources required to do so.
2. **Become a Best Practice Leader** as we continue to evolve and enhance our service delivery with training and research collaborations within Manitoba and across the country.
3. **Innovate Transitional Services** with the development of supportive transitional housing that meet the needs of those we serve through collaborations and partnerships within our community and government.
4. **Engage Men as Allies at all Levels** to be a part of the conversations surrounding domestic and family violence as well as to further expand support services for men through partnerships with collateral organizations.
5. **Implement a Communication Strategy for General Awareness of Willow Place** to further extend and expand the brand recognition of Willow Place within the community.
6. **Generate \$500,000 of Additional Revenue Annually** through the progressive diversification and increase in sources of revenue.
7. **Enhance Professional Development** through a planned, coordinated approach to provide training opportunities that align with the needs of the organization and the individuals and families we serve.
8. **Integrate Technology and Operations** to further expand and enhance administration and infrastructure processes and community connections.
9. **Collect, Analyze and Leverage Data Collection** through stringent processes that align with best practices and employ database software to support the effective utilization of aggregate data.

# WILLOW PLACE STRATEGY 2019 – 2023

# FOCUS 2022-2023

## Quality Assurance

- Support further engagement of the online survey to provide service delivery feedback that will in turn inform policy and procedural adaptations.
- Obtain physical space within the community.
- Maintain the comprehensive policy and procedure review in process to support the further decolonization, anti-oppressive and trauma-informed care approaches to service delivery.
- Implement the integration and use of HIFIS management software and other processes that support the implementation of standardized, common intake and evaluation processes.
- Implement a more secure chat-based platform that will replace the current text line in place.
- Sustain recruitment efforts as a means to achieve appropriate staffing levels to support best practice (quality) service delivery.

## Expand services

- Provide advisory support for transitional housing projects underway.
- Develop partnership opportunities for further enhancement cultural services offered with that incorporate healing-centered engagement principles through an intersectional, anti-oppression lens.
- Explore potential additional drop off sites in the city center and south end of the city; seek from local businesses in these areas.
- Seek opportunities for further enhancement of 2SLGBTQIA+ services via community partnerships.

## System Transformation

- Continue to participate at various tables that support a coordinated system response to family violence across the province as well as training and knowledge exchange.

## RECOGNITION OF YEARS OF SERVICE TO WILLOW PLACE

*Willow Place would like to thank Shannon & Analita  
for their longstanding commitment and  
dedication to the organization.*
